Reasons for Allowance

Claims 1 and 5-7 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: the best prior art of record, Woo, taken alone or in combination of other references, does not teach or fairly suggest a converter comprising, among other things, a switching-threshold control system including a simulating network which determines a reference voltage for controlling a switching threshold of the switching-threshold control system, as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
